PARTICIPANT ORGANIZATION INFORMATION

INSTITUTE OF ENVIRONMENTAL TOXICOLOGY

Affiliated with Western Washington University, the Institute has been providing research, education, and service in environment toxicology and risk assessment for twenty-four years.

KING CONSERVATION DISTRICT

Promotes sustainable uses of natural resources through responsible stewardship in King County, Washington.

LONG LIVE THE KINGS

A non-profit organization committed to restoring wild salmon and steelhead to the waters of the Pacific Northwest.

NORTHWEST INDIAN FISHERIES COMMISSION

The Commission is a support service organization for 20 treaty Indian tribes in western Washington, 17 of which are located in the Puget Sound region.

NORTHWEST STRAITS COMMISSION

Since 1998, the Commission has focused on restoring and protecting the health of the Northwest Straits marine ecosystem by combining sound science, ecosystem perspective and citizen energy and entrepreneurship to improve efforts to save Puget Sound.

PORT OF OLYMPIA

The Port works to create economic opportunities by connecting Thurston County, Washington to the world by air, land, and sea.

SOUTH PUGET SOUND SALMON ENHANCEMENT GROUP

Protects and restore salmon populations and aquatic habitat with an emphasis on ecosystem function through scientific-ly informed projects, community education, and volunteer involvement within King, Pierce, Kitsap, and Thurston Counties, Washington.

PUGET SOUND PARTNERSHIP

The Partnership is a non-regulatory Washington State agency established by the state legislature in 2007 to mobilize, guide, and accelerate Puget Sound recovery.

TAYLOR SHELLFISH

Sustainably farms quality shellfish from larvae to table while being responsible community citizens and active stewards for our marine environment.

THE NATURE CONSERVANCY

Works to conserve the lands and waters on which all life depends.

UNIVERSITY OF WASHINGTON – TACOMA/PUGET SOUND INSTITUTE

The Institute brings together scientists, engineers, and policy makers working on the restoration and protection of Puget Sound and provides expert advice based on the best-available science.

USGS WESTERN FISHERIES RESEARCH CENTER

The Center focuses its research on the environmental factors responsible for the creation, maintenance, and regulation of fish populations including their interaction in aquatic communities and ecosystems.

WASHINGTON ENVIRONMENTAL COUNCIL

WEC is a nonprofit, statewide advocacy organization working to protect, restore, and sustain Washington's environment since 1967.

WASHINGTON STATE DEPARTMENT OF ECOLOGY

A Washington State agency working to protect, preserve, and enhance Washington's environment, and to promote the wise management of our air, land, and water for the benefit of current and future generations.

WASHINGTON STATE DEPARTMENT OF FISH AND WILDLIFE

A Washington State agency working to preserve, protect and perpetuate fish, wildlife and ecosystems while providing sustainable fish and wildlife recreational and commercial opportunities.
