

PUGET SOUND DAY ON THE HILL

MAY 1–3, 2017

Dear friends of Puget Sound,

Welcome to Washington D.C.! Thank you for being fellow travelers in our shared efforts to protect what we hold dear. Your very presence here in D.C. helps to raise the awareness of our nation's decision-makers about the issues Puget Sound faces and the innovative ways we are working together to address them.

In this packet you will find the following documents:

- Key messages
- List of attendees, including emergency contact information
- Map showing key buildings
- Your name tag

Please keep in mind that schedules are very fluid and rapidly changing in D.C.—this means we will need to be agile, adapting to constantly evolving circumstances. Your group leader will let you know about any changes.

Best,

Sheida R. Sahandy,

Executive Director of the Puget Sound Partnership

On behalf of all who welcome you!
